WILL LEASE RESERVOIR

COUNCIL FAVORABLE TO MAKING
LEASE TO ADA COUNTRY CLUB.

At the adjourned meeting of the city council held last evening, Mr. Lucas asked for an expression of opinion concerning the proposed lease of the city reservoir to the Ada Country Club. Mr. Ebey moved that it be declared the sense of the body that the terms of contract as submitted at a previous meeting by the special committee, together with the amendments then proposed and with the additional proviso that the club must consist of not less than 40 members, and that any citizen of Ada should have a right to fish in the reservoir on payment of a fee of 50c per day. The motion was seconded by Ratliff, Ellison strongly objected to taking any action without submitting the question to a vote of the people, and offered a motion to that effect as a substitute to the Ebey motion. However, it received only two votes, his own and Clark's. The original motion was then voted on and carried by the following vote: Aye, Ebey, Timberlake, Lasater, Ratliff and Wymore. No, Ellison and Clark.

An ordinance was adopted transferring \$3,500 from the building to the sewer fund, to replace a transfer made a year ago.

I. Wymore tendered his resignation as alderman from the Fourth ward, and H. C. Evans was unanimously elected to succeed him.

The resignation of N. T. Devers as night policeman was accepted and Olie Walker elected in his place.

The plumbing ordinance was carried over until another meeting.

BURGLARS TRY SAFE

ATTEMPT TO CRACK SAFE AT
MILL, PRY OPEN DESK AT ICE
FACTORY AND ROB HOTEL
GUESTS.

Burglars were abroad again last night, but, so far as known, they made a complete waterbail.

They visited the office of the Ada Ice and Fuel Co. and pried open the only desk in the room, but of course found nothing. All that was missed from the room was an ice pick which they took with them for aid in further operations.

They next visited the office of the Ada Milling Co. and ransacked Mr. Allen's desk, finding nothing whatever to reward their efforts. They then attacked the safe, but from the tools used, were evidently amateurs at the business, and very poor ones at that. From the Frisco yards they picked up a claw-bar, spike mallet and big wrench, and with these attempted to open the safe. After breaking off the combination they tried to pick the mechanism of the lock with the ice pick, which was this morning found tightly wedged in the small opening.

Evidently the burglars felt like they had been treated shabbily, for the following note was found on Mr. Allen's desk:

"Mr. Mill man dear sir the next time we come leave a few dollars in your cash drawer. Yours truly

"Mr. Yegg."

However, no trace of the thieves we come leave a few dollars in your that none will be.

The safe contained \$20 or \$30. It has been impossible to get it open today, so it is not known positively that they did not get into it, although there seems to be little reason to think that they did.

The third robbery took place at the Commercial hotel. About 9 o'clock in the evening two strangers took a room and this morning bought tickets over the Frisco for Denison and took the Hustler. A little later when J. C. Tarpley and T. W. Brydia, two regular boarders at the hotel arose, they found that the thieves had been busy in their rooms. From Brydia's pocket they extracted some 70 or 80 cents, and from Tarpley they took \$3.20 in money and a cheap watch. Naturally suspicion points to the strangers as being the guilty parties in all the depredations.

Talk, David Livingston—Mrs. Bolen.

Talk, Henry M. Stanley, Mrs. Carney.

Talk, Chinese Gordon, Mrs. Harris.

J. P. Morgan Traped.

"Not long ago Dr. Bode, director of the Berlin National Art Gallery, paid forty thousand dollars for a wax bust which he declared was the work of Leonardo da Vinci," writes Walter Prichard Eaton in an article entitled, "The Gullible Rich." Continues he: "Later it turned out to be the work of an obscure English sculptor, who lived in the nineteenth century. If Dr. Bode can be thus easily deceived, what is to prevent the deception of the ordinary buyer?"

"In deed, Dr. Bode has been one of Mr. Morgan's experts, so that even Mr. Morgan cannot always feel safe. Nor has he always been safe. Did he not buy a copy of the famous bust of St. Martin—which was abstracted from the church of Soudailles, in France—under the impression that it was the genuine? No less than six of these genuine busts afterward turned up."

M'NAMARAS PLEAD GUILTY

CONFESS DYNAMITING LOS ANGELES TIMES AND IRON WORKS.

Los Angeles, Cal., Dec. 2.—James B. McNamara pleaded guilty to murder in the first degree in Judge Walter Bordwell's court today.

His brother, John J. McNamara, secretary of the International Association of Bridge and Structural Iron workers, entered a plea of guilty to having dynamited the Llewellyn Iron Works in Los Angeles on Christmas Day, 1910.

James B. McNamara's confession clears up absolutely the tragedy of the explosion and fire which at 1:07 o'clock on the morning of Oct. 1, 1910, wrecked the plant of the Los Angeles Times at First and Broadway and caused the death of twenty-one.

Were Indicted for Nineteen Deaths.

For nineteen of these deaths the McNamara brothers were indicted, and J. B. McNamara was on trial specifically for the murder of Charles J. Haggerty, a machinist, whose body was found nearer than that of any other to the spot where the dynamite was supposed to have been placed.

Dec. 5 was set as the date to sentence both men, and it is expected District Attorney John D. Frederick will ask life imprisonment for James B. McNamara, the confessed murderer, and probably fourteen years for his brother.

The men's lives are considered saved.

The great contention that the Los Angeles Times was not dynamited is dead beyond resurrection or argument.

Big Question: "Why Did He Confess?"

Tonight, as the two brothers sat together in the county jail, refusing to see anyone or make any statement, an interest, second only to the occurrence itself, hung about the question with reference to James B. McNamara—"why did he confess?"

To this opposing counsel gave the same answer.

"He confessed because he was guilty and that's all there is to it," declared District Attorney Fredericks.

"He was counseled to confess because that was the best thing he could do, in the opinion of counsel," said Attorney Clarence S. Darrow, chief counsel. "I will say now that there was no other reason or motive in it. I've studied this case for months. It presented a stone wall."

References to Some Recent Arrests.

Darrow's state ment was made as looking squarely in the faces of the charges that the recent arrest of Bert H. Franklin, an investigator employed by the defense, and two others with him, might have precipitated a situation untenable save by confession of the prisoner.

"Negotiations have been on for weeks," asserted Darrow, and this was corroborated by District Attorney Fredericks. "We expected at one time that Jim would confess last Monday, but he did not," said Darrow.

Address All Letters to the News Publishing and Printing Company

Any erroneous reflection on the character, standing or reputation of any person, firm or corporation which may appear in the columns of The News will be gladly corrected upon its being brought to the attention of the management.

Obituaries and Resolutions of Respect of less than 100 words will be published free. For all matter in excess of 100 words a charge of one cent per word will be made. Count your words and remit with manuscript.

There is no logic in the argument that because Oklahoma has more schools than most other states it does not need all of them. Because older states have pursued a parsimonious policy and denied their citizens the educational advantages they were entitled to, Oklahoma should not do likewise. It is certainly not to the credit of those older communities that they have done as they have, and Oklahoma legislators should be commended for their wisdom in placing the blessings of education in reach of all.

As the News has remarked a number of times before, the habit of invoking the initiative every time a politician has a hobby on which he hopes to ride into office, will yet bring it into such disrepute that a demand will be made for its abolition. The liquor interests have already done much to create such sentiment, and now the Aiken school killing bill will add fuel to the flames. Nothing is certain while so small a number of voters can order an election, and the state will be forever in a turmoil created by agitators, who make their living stirring up trouble.

The Teachers' Institute of Cleveland county at its last meeting at Norman passed strong resolutions favoring the Aiken bill, to wipe out most of the state schools. If the state university is not behind this move, it would do well to use its influence in holding down the public school teachers. Otherwise, the university bids fair to arouse a spirit of enmity to itself that will certainly not help it or the educational interests of Oklahoma. If the university hopes to

PONTOTOC COUNTY ABSTRACT CO.

Of Ada, Oklahoma, Incorporated.
A WARRANTY DEED IS A SNARE; A DELUSION! It often conveys absolutely a bad title. Your lawyer will tell you so. It is not a present help in time of trouble.

REASON: Should your title be unmarketable and you want to perfect it by hunting up old deeds, procuring releases; court decrees—every step will be at your expense—even though you find it impossible to sell the land or obtain a loan without taking such step.

ADVERSE CLAIMS: An adverse claim is asserted; suit is brought against you, finally you are ousted from the premises.

RESULT: You go on your venditor to MAKE GOOD his WARRANTY if you can find him.

JUDGMENT: The law will give you only a money judgment. COLLECT IT IF YOU CAN. No lawyer's fees—nothing for entranced value of INDEED! Warranty deed sows the seed you reap two law suits for your money and brawn and the land is lost at last.

LAW SUIT: Placing your confidence in the man, upon his WARRANTY DEED is simply bidding for a law suit.

REMEDY: An abstract of title shows you exactly "WHERE YOU ARE AT." What you have for a title. We can protect you and help you. WRITE US, PHONE 133, OR CALL ON US: OFFICE REAR FIRST NATIONAL BANK BUILDING.

CRUCE WRITES TO EXCISE BOARDS

December 1st, 1911.

To the Excise Boards of the State: Gentlemen: So many letters have been reaching me from various sections of the state, complaining that the tax levy is amounting to a practical confiscation of property, that I deem it my duty to address you this letter in the interest of the taxpayers of Oklahoma.

My apology for this action on my part is Section 135 of Bunn's Constitution of the State of Oklahoma, which reads as follows:

"The supreme Executive power shall be vested in a Chief Magistrate, who shall be styled 'The Governor of the State of Oklahoma.'"

While the governor by this section of the constitution is designated as the chief executive authority in the state, the laws of the state have not placed in his hands the power to deal adequately with the administration of affairs of government; therefore his acts must be largely in an advisory capacity.

The prevalent idea that the governor is responsible for high tax levies and has the power to reduce them is entirely erroneous. The entire authority of the governor in the matter of levying taxes is contained in the law designating him as a member of the state board of equalization—a board composed of seven state officials, the powers of which are limited to levying taxes for state purposes. Ninety per cent. of all taxes paid in this state are levied by local county, municipal and district officials. It is thus apparent that whatever relief is given to the taxpayer must come largely from these local officials.

At no time in the history of Oklahoma

General, have applied a percentage basis in the distribution of the raise, and in every county where this policy is being pursued some men are having to pay more than their share of the taxes.

It was the duty of the County Board of Equalization, under the opinion of the Attorney General, to distribute this raise equitably, and to apply it in instances where the property had not already been assessed at its actual value. It has also been brought to my attention that in many counties the Excise Boards have for all local purposes levied the maximum amount provided for by the laws of this state; and the complaint is made that in many counties the levy made is far in excess of the legitimate needs for governmental purposes. It occurs to me that it is the plain duty of the Excise Boards, in cases where the levy has been made upon the basis of the original rendition of property, to reform that levy and make it comply with conditions after the State Equalization Board made its raise, and where the assessment in any county or district has been raised to an amount equal to fifty per cent of the original rendition, then the levy in that district should be one-third less than it was under the old rendition. If this policy were pursued in every county in the state, the total amount of taxes gathered would not be in excess of the maximum limit under the old rendition, thus saving the taxpayers of the state thousands, yes, millions of dollars.

This letter is being written in a general way to every Excise Board in the state. I am not charging that any of the conditions complained of exist in your case, but I am simply calling this matter to your attention in the hope that if it is to be lightened, that you will take steps necessary to that end. In the interpretation of the law, where there is a doubt in your mind, let me urge that that doubt be resolved in favor of the taxpayer. This is certainly the just thing to do, and I believe it will not only be ap-

GUS NEAL GETS FOUR YEARS SENTENCE

Yesterday afternoon the jury in the case of Gus Neal on trial for horse theft, brought in a verdict of guilty, assessing his punishment at four years in the penitentiary.

The case of J. B. Taylor, charged with the murder of Clayton Copeland was next called, and a special venire summoned. On this was one man, Sherman Smith, who did not think such a summons amounted to much, and did not respond. Judge McKeown sent an officer after him with an attachment, and Smith informed the judge that he was not hunting a job on the jury. The judge fined him \$5.00 and Smith refusing to pay, was sent to jail, where in a few hours of meditation he changed his mind and settled up.

The jury was finally completed and the case is nearing an end, although it is probable that it will not go to the jury until some time Monday. Following is a list of the Jurymen: W. J. Mardis, J. E. Williams, Lon Williams, M. S. Collins, Paul Middleton, A. B. Terry, J. T. Thompson, Joe West, Frank James, H. K. Gresham, G. D. Gryder.

Serves You Right, Jones Drug Co. 151-dtf

Hugh Biles Entitled to Degree.

After watching Hugh Biles keeping up the enthusiasm of the crowd during the football game Monday, when a fierce blizzard was blowing, and again last evening at the basketball game, when he conducted the enthusiastic series of yells, the reporter of the News insists that the degree of Bachelor of Enthusiasm be conferred on him with all due forms and ceremonies. His spirit is contagious, and his devotion to his school is something worth while. Keep the good work going, old boy, for an enthusiastic student body is a strong asset to any school.

KATZ & CHAUNCEY, Mgrs.

homa has there been a greater need for economy in the administration of the affairs of government than exists at this time. For three consecutive years the crops grown in this state have been attended with more or less failure and the ability of the people to meet the ordinary expenses of living has been correspondingly limited.

Imbued with the Oklahoma spirit of "dare and do," our people, without proper consideration in all instances, have encumbered the taxpayers with many debts; these debts must be paid; the only way to pay them is to gather the money in the form of taxes from the people of the state. The interest on these debts is a fixed charge that cannot be reduced, and the only relief from the exactions of government that can be given to the people must come by reducing the ordinary current expenses of government.

I feel it is incumbent upon every department of government, state, county, municipal and district, to reduce to the very lowest possible limits its consistent with efficient government, the expenses thereof. Every official that can possibly be dispensed with without impairing the administration of the peoples' affairs, should be dispensed with, and no man should be kept upon the pay roll of any district, county, or of the state, simply as a reward for political services, personal friendship, or otherwise—unless it appears that the position he occupies is a necessary one and there is returned to the people in actual service the full value of the compensation he receives from them.

The State Board of Equalization, in the discharge of its sworn duty, made many increases in the valuations of property in this state, the total running about four hundred millions of dollars, or nearly fifty per cent. advance over the original return. In many localities, in distributing this raise, the local officials, without regard to the advice of the Attorney

proved by the people of the state, but by the courts as well.

The time has come when the public officials of Oklahoma must stand forth and practice the most rigid economy in the administration of government. This is what we were elected for; this is what the people have a right to expect of us, and his is what they are demanding at our hands.

I am sure that you will receive this letter in the spirit in which it is written. It is not intended as an interference with your administration of affairs, but is to call attention to the necessities of the people to the end that we may all labor together for the accomplishment of the most economical administration of the affairs of the people of this state.

I am your friend,
LEE CRUCE, Governor.

Good Work at Little Cost.

Friday Supt. Perkinson and his foreman, Capt. W. H. Fisher, made a splendid beginning of the waterworks extensions, they and their crew having opened 1,108 feet of trench at a cost of \$26.50, a trifle over 2c per foot. At that rate the city will get its mains extended at a cost much less than if the work had been let by contract.

BROMIDE PROMISES SOME BIG TIMES

LOT SALE TAKES PLACE DECEMBER 4, 5 AND 6—SKETCH OF THE NEW TOWN.

The big sale of lots at Bromide, the new health resort in Johnston county, will take place Monday, Tuesday and Wednesday of next week.

Since the completion of the M. O. & G. railroad to the town Bromide's future is assured. Not only will it always rank high as a health resort on account of its mineral springs from which it takes its name, but it is doubtful if any other place in the United States has a greater variety of natural resources at its very doors than has Bromide.

In the first place, its water supply is excelled by no other town in Oklahoma. The next resource which is being extensively carried on, is the quarrying of the fine grade of limestone found there, and also the manufacture of lime. The only mine of manganese known to exist in Oklahoma is found there, great cliffs of the finest glass sand are exposed, iron ore in unlimited quantities are at hand, and fine deposits of shale are also among the gifts of a lavish nature to that favored spot.

Only a short time ago, Robert Galbreath of Tulsa, who made millions out of the oil discoveries of that section, became interested in the development of the resources of Bromide, and he has shown his faith in the future of the place by investing heavily. This in itself is ample evidence that there will be no lack of enterprise in the new town.

An attractive feature of the big celebration attending the lot sale will be the three days field trial of bird dogs, fox hounds and grey hounds, etc., as announced in the program published some days ago.

Finest line of chocolates in Ada at the Model Confectionery. 196-tf

ADA DEFEATS TISHOMINGO

NORMAL GIRLS WIN WELL PLAYED GAME OF BASKETBALL BY SCORE OF 15 TO 12.

The Ada normal team won by a score of 15 to 12, the best basketball game ever played at Ada last evening, the opposing team being from the Tishomingo high school. The game was fast and snappy. Every girl played her very best, and there was no squabbling of any kind. Prof. E. C. Wilson of Tishomingo the referee, was fair to both sides, and his decisions were always accepted as just, and the best of feeling prevailed throughout the game.

The Ada team managed to keep the ball around their goal most of the time, but when it did get into their territory, Tishomingo always managed to throw it uncomfortably near the basket, and threw five field goals, tying Ada on that point.

However, the visitors fouled much more frequently than the normal girls, and five of the points in the Ada score were made on the free throws allowed. Blanche Rushing, one of Ada's forwards, threw five goals out of nine trials, and also made three field goals. Willie Faust made two field goals.

For Tishomingo, Kate Adams, forward, made three field and two free goals, and Mary Thompson, the other forward, made two field goals.

After the game the teams were served an impromptu banquet at the Gwin-Mays drug store, and taken to the Majestic theatre for a show given especially for them.

Sorosis Notes.

The regular session of Sorosis was held at the home of Mrs. Boyd, on 10th street, Friday afternoon. A special feature of the program, was the response "My Favorite Madonna, and Why." Following this a short time was devoted to art.

The lesson was ably led by Mrs. Chas. Thompson. Her questions were fine, and seemed to reach the very heart of the lesson, and brought out the thoughts that it is easy to smile, as long as "our boat sails freely, with wind and stream"—and if we would hold our friends, we must be comely in appearance, and at least show ourselves friendly—also, when the race of life is run, there are none so vile, and mean, but have hopes of eternal life, and want to be saved.

After the program the members were invited into the dining room, and the hostess served a delicious salad course, with coffee. Expressions of an excellent time, were given to Mrs. Boyd, and Club adjourned to meet with Mrs. Constant, Dec. 15th.

First Christian Church.

The 11 o'clock morning service at the First Christian church will be under the auspices of the C. W. B. M., a report of the work done being given by Mrs. A. H. Constant, and an address on "The Church's Adornment" by the pastor. It is especially urged that all the ladies of the church be present.

At 7:30 p. m. the seventh in the series on New Testament Conversions will be delivered, the subject being "The Conversion of a Business Woman."

Bible school at 9:45 a. m. Classes for all ages. Young People's meeting 6:45 p. m. Sunday being regular roll call and consecration service.

A welcome to all and you are strangers but once.

Church of the Nazarene.

Services at 11 a. m. Evening services will be conducted by Rev. W. H. Nettles.

Progressive Farmer Arrives.

Among the late arrivals in Pontotoc county is Wm. Bauhause and family from Quincy, Ill. Mr. Bauhause came to Ada about a year ago and purchased a farm about three miles north of town, and is now putting about \$3,000 worth of improvements on the place, and preparing to make it one of the best farms in the county. The News always welcomes men of his stamp to Pontotoc county, for they furnish an object lesson in the best methods of farming that nothing else can supply.

Entertains Lehigh Team.

The Lehigh basketball team, en route to Purcell for a game stopped off in Ada this morning and were the guests of Miss Moss Wingo at a delightful luncheon.

"THE PEOPLE WHO PUT THE PRICE DOWN"

HOW TO TREAT OLD SORES

The proper way—the only successful way—to treat an old sore is to destroy its source. Not by dangerous surgical operations or irritating, "drawing" plasters, but by Nature's true method of purifying the blood and filling the circulation with rich, nourishing properties; then the cure will be natural and lasting. We can easily understand how impurities in the blood will infect some weak point on our bodies, and by continually discharging impurities into it keep the place open and inflamed until a chronic ulcer is formed. Nothing then is so sure to produce a cure of these old sores as S. S. S. This medicine is Nature's perfect blood remedy, composed of the best healing and at the same time the most penetrating and blood-purifying properties. It removes every particle of impurity or morbid matter from the circulation, and assists nature in the increasing of healthful, nutritious corpuscles in the blood. S. S. S. makes pure blood, and pure blood is Nature's unfailing cure for old sores. Every sufferer with an old sore should use S. S. S., because it is the remedy they most need. Book on Sores and Ulcers and medical advice free. S. S. S. is sold at drug stores.

Shriners at Tulsa.

Tulsa, Okla., Dec. 1.—Yesterday was gala day in Tulsa, the occasion being the first ceremonial session of the new Akdar Shrine Temple of Tulsa. The largest of novices ever taken across the "hot sands of the desert" in Oklahoma were initiated at this session. There were 202 petitions for the degrees and 147 "went through". The event was unquestionably the greatest in Shrinedom in this state. Special trains were operated to Tulsa over all the railroads and not less than 2,300 wearers of the Fez were in the city. Patron teams, and bands from neighboring Shrines were in attendance and participated in the street parade, drill work, and initiations. Two banquets, an oasis, automobile drives and other features made the entertainment program a glowing success.

The next ceremonial session of Akdar Temple will be held in Tulsa on February 22nd, 1912, Washington's Birthday.

500 CLUB.

Mrs. Geo. Frierson entertained the Five Hundred Club in a gracious manner Friday afternoon at her beautiful new home on Seventeenth. The hostess was assisted by Mesdames Rives and Tobin in serving a delicious salad course. Those present were Mesdames Mays, Austin, Tobin, Morrison, Wintersmith, Beck, Parney, Conn, King, Norris, King, Smith, Hart, Wells, Reed, Higgins, Ebey, Manville, Hunter, Neathery, Rives and Miss Mason.

MURRAY GIVES HIS VIEWS

OPPOSED TO INITIATED BILL REDUCING NUMBER OF STATE SCHOOLS.

Tishomingo, Okla., Nov. 29.—William H. Murray, known in political parlance as "Alfalfa Bill," and held by some people as the "Father of Oklahoma's Constitution," relative to the proposed initiative bill to abolish the district agricultural schools, four normals, and others, in his characteristic way made this observation: "China once built a railroad with complete equipment, operated it one day to the satisfaction of the pig tails' curiosity, then chopped up the track and destroyed every vestige of the magnificent thoroughfare. This was the overbribe inherent in the Chinese race, and this is just what the proposed initiative bill seeks to do.

"These fifteen colleges for higher learning have just been completed, the first great cost paid, and now the opponents of higher education, the 'boxer' element, propose to destroy them. The supreme test of the people's ability to rule is now before them, and incidentally the wisdom or folly of permitting them to rule through the powers of initiative and referendum. The American people will surely watch the contest with painful attention, with a view of determining whether they will embrace the forward movement styled The People's Rule.

"If we have more of these institutions than any other state it is because our statesmen were wiser than the builders of other states. If there be argument against these institutions it is the same argument used against all education at public expense—universities, colleges and common schools included. The children of the poor—not the children of the rich—receive the most benefit from education at public expense.

"While the bulk of the people of every commonwealth neither desire nor need an academic education, it is profoundly necessary for every civilization of every state whatever the form of government, but specially true of democracies and republics, that a few men be thoroughly and well educated, the more the better; and since in democracies and republics the citizen is given the largest liberty of choice, such governments can do little more than provide the opportunity, leaving all entirely free to become wise or remain ignorant. It, therefore, remains the duty of the state to provide the means for the education of every child to the limit of human learning—in the arts, sciences and literature—and that at the expense of the public.

"Here is the cornerstone of the strongest civilization. Indeed without this a people may be governed well for a while—never long—as has been instanced by some of the Indian tribes, but with neither mental nor moral activity, the two things most needed for a nobler manhood.

"A little learning is a dangerous thing," in a society where the whole population are kept in ignorance. None receive higher education, but all are advanced just far enough to become confirmed anarchists.

"Expensive? Oh, yes; but too much money cannot be provided, if wisely spent, for education and public roads. The old Romans built the roads, but they neglected education. If we destroy these institutions we shall be neglecting both.

"I shall have more to say on this subject later, for the thing uppermost in my breast is the preservation of Oklahoma's constitution, and her educational institutions.

"I shall refuse to believe that our people will vote for the boxers' bill. I have an abiding faith in the people to govern themselves wisely as well as justly."

Ordinance Number 255.

An Ordinance transferring certain funds from the City Hall Fund to the Sanitary Sewer Fund, of the City of Ada, Oklahoma and declaring an emergency.

Be it Ordained by the Mayor and City Council of the City of Ada, Oklahoma.

Section One. That whereas on the 25th day of October, 1909, the Mayor and City Council in regular session assembled, transferred the sum of Four Thousand (\$4,000.00) Dollars from the Sanitary Sewer Fund of the City of Ada to the City Hall Fund of said City, and whereas the purpose and necessity for keeping said money in the City Hall Fund have become obsolete, and the City Council after a careful consideration of the matter is of the opinion that said money is no longer needed in said City Hall Fund and that same should be and the sum of Thirty-five Hundred (\$3500.00) Dollars hereby is transferred to the Sanitary Sewer Fund of the City of Ada, Oklahoma, and that the proper officials of the City are hereby ordered and directed to make said transfer on the records and books of the city.

Section Two. For the preservation of the public peace, health and safety an emergency is hereby declared to exist by reason whereof this Ordinance shall take effect and be in force and effect from and after its passage, approval and publication as by law provided.

Passed by the City Council and approved by the Mayor this 1st day of December, 1911.

(Seal) S. E. CHAPMAN, Mayor.

Attest. W. B. JONES, City Clerk.

Published 2nd day of December, 1911

Shot Wrong Man.

Muskogee, Okla., Nov. 27.—Tom Paden was dangerously wounded, his horse shot from under him and most of the windows in the town shot out at Park Hill, east of Tahlequah late Sunday afternoon. It is said that Paden was shot by a justice of the peace at Park Hill in an effort to break up a gang which has been in the habit of shooting up the town, but that the wrong person was fired upon.

Some men went to a Park Hill store earlier in the day, bought ammunition and announced that they intended to shoot up the town that night.

The citizens determined to put an end to the "shooting up" which had become a habit there. When Tom Paden and his brother rode into town later they were fired upon. Tom Paden's horse was killed and Paden was dangerously injured. There have been several killings in this vicinity recently and shooting in the town has become so common, it is stated, that people are afraid to light their lamps after dark for fear they will be shot out.

GOOD WORK.

Done Daily in Ada—Many Citizens Tell of It.

Nearly every reader has heard of Doan's Kidney Pills. Their good work in Ada still continues, and our citizens are constantly adding endorsement by public testimony. No better proof of merit can be had than the experience of friends and neighbors. Read this case:

G. B. Dismukes, 17 Thirteenth St., W. Ada, Okla., says: "Last fall I was suffering a great deal from a constant soreness through kidneys and across my hips. I had no doubt that this misery was due to disordered kidneys. A friend finally advised me to try Doan's Kidney Pills and I procured a box at G. M. Ramsey's Drug Store and began their use. In a few days my pains and aches had disappeared and the contents of two boxes of Doan's Kidney Pills restored me to good health."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

PONTOTOC TEACHERS

HOLD MEETING

The Pontotoc County Teachers Association held the first meeting of the present school year today at the normal. Some fifty or sixty teachers were present, and most of the program was carried as announced.

At the business session of the organization, the following officers were elected: T. B. Limer of Allen, president; J. H. Norman of Francis, vice president; Miss Nelle Reese of Ada, secretary-treasurer; J. Frank Lilly of Ada, delegate to the State Association.

Prof. Pierce, as county superintendent, strongly condemned the policy of Gov. Crouce which has resulted in the initiation of the Aiken bill, and an emphatic resolution was introduced by the county teachers condemning in unmeasured terms the bill, which they declare is opposed to the education, commercial and moral interests of the state. This resolution was adopted by a unanimous vote.

The institute voted that a two days program be prepared for the next meeting.

The normal faculty and other friends served lunch to the assembled teachers at the noon hour.

RESOLUTION.

We, your committee on resolutions, beg to submit the following report:

Be it resolved that we extend our thanks to the teachers and citizens of Ada for the hearty welcome given us, the executive committee for the interesting program furnished and the members of the Normal faculty for the delightful lunch served.

Be it resolved that we recommend the revision of the present compulsory school law to the end that it may be made more effective.

Be it resolved that we heartily endorse the proposed amendment to the constitution providing for a blanket school tax levy.

Be it resolved that we regard the proposed bill to abolish 14 of the state educational institutions as highly dangerous to the best interests, commercial, moral and educational, of the state of Oklahoma and the nation at large. We further believe that these institutions are doing effective work and that their growth warrants their continuance. We also believe that the only way to decrease high taxes, the larger part of which is used by our courts, is to extend educational facilities to the general public, and we take pride in the fact that Oklahoma has so far progressed educationally that she has proportionately more educational institutions than any other state in the U. S.

Be it resolved that it is the sense of

the body that the county teachers' association is one of the most important phases of the school work, and in the realization of this fact, we wish to instruct the executive committee to provide a more extended program for the next teachers' association. (Signed)

EVALEE HUGHSTON.

LAURA W. JOHNSON.

It Helps!

Mrs. J. F. Daniels, of Sip, Ky., writes: "I was so sick for 3 or 4 years. I had to hire my work done, most of the time. I had given up hope. When I began to take Cardui, I knew, right away, it was helping me. Now, I am better than ever before in my life, and Cardui did it."
